Business Partner Spotlight

Since 1975, Labor Finders has had a simple and clear mission: Changing lives through meaningful employment and partnerships. By embodying this mission, we've built an honest and dependable staffing company that employs more than 20,000 people daily. Our methods are simple: We staff trustworthy, skilled workers in various positions, including production

assembly, construction, maintenance, electrical, carpentry, welding, office/clerical, and more. Then, we match them with the perfect employer: You! Unlike some other staffing companies, Labor Finders' network of almost 200 offices nationwide is locally owned and operated. This community-driven structure allows us to immerse ourselves in local companies and build stronger business relationships. Because the better we understand our customers, the better we are at matching them with the perfect hire. **We Don't Just Work. We Lead.**
